The Hossfeld Series of Grammars, Text-Books, Dictionaries

OF FOREIGN LANGUAGES

For the Study of French, Italian, Spanish, German, Dutch, Russian, etc.

A DESCRIPTION OF THE HOSSFELD SERIES

There are many theories as to the best method of learning a foreign language. Some are severe, others are easy. One thing is certain, unless the method be interesting to the student, it is profitless.

The Hossfeld Series is probably as successful in its aim "to strike the happy mean" as an educational series can be. It neither promises accomplishment without effort nor does it expect drudgery of its students.

The Hossfeld Series is planned to lead the student by increasing interest from step to step in the mastery of languages, keeping in sight all the various points of interest in language-study—the fascination of pronunciation, of suggestive construction and phrasing, of telling idiom.

The Hossfeld Series is of equal value to those studying the written and the spoken language.

NEW EDUCATIONAL BOOKS

American Teachers Series

A Series of Books for the Guidance and Assistance of Teachers in Elementary and Secondary Schools, and Students in Normal Schools and Teachers' Colleges. Under the General Editorship of JAMES E. RUSSELL, Ph.D., Dean of Teachers College, Columbia University.

The "American Teachers Series" will review the principal subjects of the secondary school curriculum. The purpose is to discuss the educational value of each subject, the reasons for including it in the curriculum, the selection and arrangement of materials in the course, the essential features of class instruction and the various helps which are available for teachers' use. The books are not intended to correct the faults of ignorant teaching; they are not offered as manuals of infallible methods. They are designed as contributions to the professional knowledge necessary in secondary education, and are addressed to teachers of liberal culture and special scholarship who are seeking to make their knowledge more useful to their pupils, and their pupils more useful to the State.

Gordy and Mead's Language Lessons
(A First Book in English)

Burt's The Literary Primer

James and Sanford's Government in State and Nation

James and Sanford's "Our Government"
(Local, State, and National)

Gordy's American Leaders and Heroes

Gordy's History of the United States

Ashton's Plane and Spherical Trigonometry

Miller's Elementary Physics

A Sufficient Reason in One Sentence

Gordy's Language Lessons are the simplest, straightest paths to writing, speaking, and knowing our English Language.

Burt's The Literary Primer is based upon word-getting, teaching of sounds, repetition of vocabulary, child's own activities, and contact with permanent literature.

James's Government in State and Nation brings pupils face to face with government AS IT REALLY OPERATES and conditions as they really exist.

James and Sanford's Our Government is just as good for elementary classes (either first year of High School or last year of Grammar School) as the larger book is for more advanced students.

[*Wisconsin, Iowa, Illinois, New York and Pennsylvania Supplements are in preparation.*]

Gordy's American Leaders and Heroes makes the personal character of our great men stand out clear as crystal in an epoch or crises, and the beginning child learns that history is the record of human life.

Gordy's History of the United States was written by a GRAMMAR SCHOOL MASTER, and that is a great distinction nowadays.

Ashton's Trigonometry moves in a direct line to the solution of triangles.

Miller's Elementary Physics is elementary, and the experiments ARE the bases of the text.

THE

AMERICAN EDUCATIONAL CATALOGUE FOR 1903

[PUBLISHERS' PRICES.]

NOTICE.—In this Catalogue only prices made by publishers themselves are given—retail, if retail, in first column; "net" (wholesale), if "net," in second column; where a "mailing" percent age is specified by the publisher, the "mailing price" is given in the retail column marked with an asterisk (*), in addition to the wholesale price. When price-columns are left blank, the publisher failed, on application, to furnish price. A double asterisk (**) in price-columns designates books forthcoming. New books, issued since the publication of the Catalogue of 1902, are designated by a single asterisk (*) before title.

☞ *In comparing prices or ordering at retail, private buyers should bear in mind that a percentage must be added to prices quoted at wholesale, to cover freight, handling, delivering, etc. Discounts on quantities vary on different lines, according to the kind of prices adopted by the respective publishers.*

For subject classification (and for collective references to classic authors entered here under separate editors), see the second part of the Catalogue, following this main alphabet.

IN PREPARATION

THE

Publishers' Trade List Annual

1903

Thirty-First Year of Publication

will comprise the lists of upwards of three hundred publishers—fully fifty lists more than the work has before contained—which will greatly enhance its value to the bookseller as an inexpensive work of reference for books in print. Notwithstanding the increase in size, the price will be as heretofore, $2, and to those subscribing and paying in advance, $1.50.

NEW SUPPLEMENTARY INDEX

We are preparing this year a supplement to the Index volume of last year, which will include (1) the titles of the books of those publishers who were not represented in last year's Catalogues volume; (2) the titles of the new books published since the issue of last year's Trade List Annual by the publishers represented in the 1902 and 1903 volumes; and (3) the titles which were reported too late for insertion in last year's Index volume, as well as corrections, etc. This Supplementary volume, of about 200 pages, will be priced at $2, which will probably be increased to $2.50 after publication.

Only enough copies of the Supplementary Index will be printed to supply the demand from those who purchased last year's INDEX, and to bind up with the small number of the remaining copies of last year's INDEX, into a comprehensive volume of about 1300 pages, which will be priced at $5 for copies paid for in advance of publication or $6 thereafter.

The prices in every case are net, and do not include carriage. Orders, with remittance, should be placed now. Directions for enclosure delivery in New York should accompany the order, unless shipment is to be by express at the charge of the subscriber. Address

THE AMERICAN CATALOGUE of books in print and for sale July 1, 1876, compiled under the direction of F. LEYPOLDT, and its supplements, 1876–84, 1884–90, 1890–95, and 1895–1900, compiled under the editorial direction of R. R. BOWKER, aims to present all the bibliographical features of the books in the American market, arranged in the first part alphabetically by both *authors* and *titles*, and in the second part alphabetically by *subjects*.

The Catalogue and its supplementary volumes form the only approximately complete guide in existence to the American books of the day, so arranged as to make reference easy from whatever direction the inquiry may come, whether from that of the author, or the title, or the subject. It not only furnishes the desired information about any particular book of which the consulter is in search, but shows what others there are by the same author or on the same subject in which he is interested. To the bookseller, therefore, it is valuable both in filling orders and in stimulating business; to the librarian, in supplying gaps and proportioning his collection; and to all who are practically concerned with books, in furnishing information by a convenient method.

The author-and-title volume of the 1876 volume is out of print. A limited number of the subject volume may be had in half leather binding at $15.

The volumes covering the periods 1876–84 and 1884–90 are also out of print.

——, 1890–95, 4°, hf. mor., $15.

——, 1895–1900, 4°, hf. mor., $15.

THE PUBLISHERS' TRADE LIST ANNUAL. These lists, all bound in one volume arranged alphabetically for ready reference, with marginal index, guiding the finger at once to the right letter, present in their combination so convenient and time-saving a working-tool as to make it indispensable to every one who has any interest in the purchase or sale of books. THE ANNUAL LITERARY INDEX, including Periodicals, American and English; Essays, Book, Chapters, etc., with Author-Index, Bibliographies, Necrology and Index to Dates of Principal Events.
